Description

Two stage sharpening with compact convenience. One of DMT's signature products now outfitted with the proprietary Hardcoat™ surface for extra durability when used to sharpen ceramic blades. While all DMT diamond sharpeners can sharpen hard steels and ceramics, the HC™ surface provides for extra long life when used for ceramic blade sharpening. Two different grits combined to create a lightweight sharpener that is great for home, camper, tool box, gardening shed and more. Includes a continuous surface that can be used for small or pointed edges. HC™ Extra-Fine diamond (9 micron / 1200 mesh) to polish and refine a razor edge after sharpening with a coarser diamond. HC™ Fine diamond (25 micron / 600 mesh) for a razor sharp edge. Folding plastic handles protect sharpener when not in use. Model: FWMEF-H

Stone size: 4.33" x .875" x .25" (110 mm x 22 mm x 6 mm) Size: $9\ 1/2$ " open. 5" closed. (241 mm open. 127 mm closed)
