Description

Trust those special projects to DMT® Diamond Honing Cones. The tapered diamond slip stones are excellent for working gouges, wood turning, tool & die work, dental tools and more! Fine diamond grit (25 micron / 600 mesh) for a razor sharp edge. Size: Large 3/4" to 1 1/4" diameter x 8" half-round cone.

Sharpening with diamonds is fast and easy. No messy oils needed—sharpen dry or with water. Durable construction will provide years of consistent performance and reliable service. For proper tool maintenance, woodworkers, chefs and other professionals rely on the superior quality and versatility of DMT® products. Made in USA.

- Specialty honing with diamond slip stone
- Fine diamond for a razor sharp edge
- Sharpens knives faster than conventional stones with DMT®'s monocrystalline diamond surface
- No oil is needed—sharpen dry or with water
