Description

A classic, freestanding awning in tunnel design for caravans, MPVs and busses. Is built up with two rodarms (with color code) and is stabilized with two steel rods in the inner. This tent as well is very bright and spacey. The windows are equipped with curtains. The floor is throughout complete and raised at the edges to provide protection against humidity and insects. At the backside there's a doggingzone which allows the manouvering of the car to the tent. The connector part between car and tent is then just pulled over the car and mounted. The guy ropes are preassambled.

- Frame Fibreglass 12,5 mm
- WC 3.000 mm
- Hardly inflammable
