Description

Dragon Fire safety goggles from Edge Tactical Safety Eyewear, with ballistic-tested, triple scratch-resistant, clear polycarbonate lenses with anti-fog technology. The Dragon Fire jars are tested to EN166 F CE, ANSI Z87.1 + 2015 and MCEPS (Military Combat Eye Protection Systems) GL-PD 10-12. The glasses filter 99.9% of the UVA / UVB / UVC radiation. The frame is made of indestructible TR-90 nylon polyamide, tested to EN166 S CE.

Lense types:

G-15:

The US Air Force developed the special G-15 technology in the 1950s. Extensive light spectrum experiments revealed that the transmission of green and yellow light could be maximized at 550 nanometers (the two colors

best perceived by the human eye). The result is a neutral and lifelike perspective with high contrast and sharpness. The G-15 glasses have a light transmission of 15% and filter 99.9% UVA / UVB / UVC rays.

Tiger's Eye Glasses:

The copper-colored Tiger's Eye lenses filter blue light, reducing eye strain and fatigue and enhancing depth perception. They are very rich in contrast and perfect for cloudy and hazy days. The Tiger's Eye glasses have a light transmission of 50% and filter 99.9% UVA / UVB / UVC rays.

Clearlenses are for indoor and outdoor activities and conditions. They have a light transmission of 15% and filter 99.9% UVA / UVB / UVC rays.

Anti-fog coating:

The anti-fog coating provides increased clarity in humid, hot or cold environments.

Including microfiber cleaning bag.

Weight: approx. 22 g.
