### Description

Hamel TT safety goggles from Edge Tactical Safety Eyewear, featuring ballistic-tested, triple-scratch, copper-colored Tiger's Eye polycarbonate lenses with unique Vapor Shield anti-fog technology. The glasses of the Hamel TT are tested to EN166 F CE, ANSI Z87.1 + 2015 and MCEPS (Military Combat Eye Protection Systems) GL-PD 10-12. The glasses filter 99.9% of the UVA / UVB / UVC radiation. The comfortable and firmly attached to the head wrap-around frame with rubberized temple ends is made of indestructible TR-90 nylon polyamide, tested to EN166 S CE. The temples of the Sharp Edge TT (Thin Temple) are extra thin and are very suitable for wearing under a hearing protection or helmet.

#### Edge Vapor Shield Technology:

The unique Edge Vapor Shield anti-fog technology is incorporated directly

into the polycarbonate lenses and thus offers a permanent anti-fog protection, outside and inside! In conventional glasses, the anti-fogging technology is applied on one side only and loses its effect through wear and must be replaced by anti-fog spray or cloths.

### Lense types:

#### G-15 lenses:

The US Air Force developed the special G-15 technology in the 1950s. Extensive light spectrum experiments revealed that the transmission of green and yellow light could be maximized at 550 nanometers (the two colors best perceived by the human eye). The result is a neutral and lifelike perspective with high contrast and sharpness. The G-15 glasses have a light transmission of 15% and filter 99.9% UVA / UVB / UVC rays.

#### Tiger's Eye lenses:

The copper-colored Tiger's Eye lenses filter blue light, reducing eye strain and fatigue and enhancing depth perception. They are very rich in contrast and perfect for cloudy and hazy days. The Tiger's Eye glasses have a light transmission of 50% and filter 99.9% UVA / UVB / UVC rays.

#### Clear lenses:

The clear glasses are for indoor and outdoor activities and conditions. They have a light transmission of 15% and filter 99.9% UVA / UVB / UVC rays.

Including microfiber cleaning bag.

Weight: approx. 34 g.

Brand country - U.S.
