Tested and certified ballistic protective goggles from Edge Tactical with triple anti-scratch coated polycarbonate lenses with unique, permanent anti-fog technology!

## Description

Overlord safety goggles by Edge Tactical Safety Eyewear, with ballistic tested, triple anti-scratch coated polycarbonate lenses with unique Vapor Shield anti-fog technology. The lenses of the Overlord are tested according to EN166 F CE, ANSI Z87.1 + 2015 and MCEPS (Military Combat Eye Protection Systems) GL-PD 10-12. The glass filters 99.9% of UVA/UVB/UVC radiation. The wrap-around frame, which sits comfortably and firmly on the head, with a rubberized nose area and temple ends is made of indestructible TR-90 nylon polyamide, tested according to EN166 S CE.

### Edge Vapor Shield Technology:

The unique Edge Vapor Shield anti-fog technology is incorporated directly into the polycarbonate lenses and thus offers permanent anti-fog

protection, outside and inside! With conventional glasses, the anti-fog technology is only applied to one side and loses its effect through wear and tear and must be renewed with anti-fog spray or cloths.

### **Clear lenses (Vapor Shield Technology):**

The clear lenses are for indoor and outdoor activities and conditions. They have a light transmission of 15% and filter 99.9% UVA/UVB/UVC rays.

### **G-15 lenses (Vapor Shield Technology):**

The US Air Force developed the special G-15 technology in the 1950s. Through extensive light spectrum experimentation, it was determined that the transmission of green and yellow light could be maximized at 550 nanometers (the two colors best perceived by the human eye). The result is a neutral and true-to-life perspective with high contrast and sharpness. The G-15 lenses have a light transmission of 15% and filter 99.9% UVA/UVB/UVC rays.

### **Material:**

lenses: polycarbonate; Frame: TR-90 Nylon Polyamide.

Includes MOLLE compatible storage pouch, 1 microfiber cleaning pouch, 1 microfiber cleaning cloth, 1 flat cord goggle strap, 1 cord goggle strap, 1 overlord frame, 1 G-15 lens, 1 clear lens.

Weight: about 160g/kit.

Brand country - US.
