Black Powder & Carbon Remover

1-4 Weeks

Description

Carbon-Cleaner is a removal agent especially developed for the military to remove nitro/black powder from heavily used weapons.

With its highly active ingredients the Carbon-Cleaner dissolves strong combustion residues. Particularly in heavily used weapons, this nitro/black powder residue can be extremely hardened.

User instructions:

Shake can well before use. Dismantle the parts to be cleaned and spray them. Leave stubborn dirt to soak for 15 minutes and then rinse. Repeat this process for the stubbornest dirt.

Safety precautions:

The visor cleaner can is pressurised. Store in a dark place and do not expose to temperatures exceeding 50 degrees Celsius or leave in direct
