Description

Plastica Panaro MAX1090H280-R - Certified Waterproof Case with Removable Lid

The **MAX1090H280-R Waterproof Case** from **Plastica Panaro** delivers uncompromising protection for valuable or sensitive equipment. Certified according to **IP67**, **STANAG 4280**, **DEF STAN 81-41**, and **MIL-STD-810** standards, this rugged case is designed to perform under the toughest conditions – from industrial applications to military operations. Whether exposed to water, dust, or impacts, the MAX1090H280-R ensures your equipment remains **safe, secure, and dry**.

Key Features

- Certified protection: IP67, STANAG 4280, DEF STAN 81-41, MIL-STD-810
- Watertight silicone O-ring seal around the lid
- Automatic pressure release valve for altitude and temperature variations
- Easy-to-open double-throw latches for reliable sealing
- Load-tested soft-grip handle for comfortable carrying
- Double padlock holes for added security
- Full-length corrosion-resistant hinges with fiberglass-filled nylon pins
- Stackable design for efficient storage and transport

Professional Protection for Every Environment

MAX cases are designed to provide superior protection against **water, dust, shocks, and extreme conditions**. Thanks to **ATA300 Cat. 1 certification** for air transport and military-standard testing, these cases are trusted across multiple industries, including:

- Marine and diving operations
- Photography, broadcasting, and film production
- Medical and laboratory equipment transport
- Military and tactical applications
- Industrial packaging and manufacturing
- Outdoor adventure and sports equipment

Technical Specifications

Model	MAX1090H280-R
Certifications	IP67, STANAG 4280, DEF STAN 81-41, MIL-STD-810, ATA300 Cat.1, UN4H2 (Li-ion battery transport)
Construction	Injection-molded polypropylene copolymer, removable lid
Seal	Watertight silicone O-ring
Pressure Valve	Automatic pressure equalization valve
Handle	Ergonomic soft-grip handle, load-tested
Locking System	Double-throw latches and padlock holes
Hinges	Full-length hinges with fiberglass-filled nylon pins
Stackable	Yes
Country of Origin	100% Made in Italy

Why Choose the MAX1090H280-R

When reliability is non-negotiable, the **MAX1090H280-R Waterproof Case** stands out. Whether for professional transport, tactical operations, or industrial logistics, its precision design and rigorous testing ensure complete protection for your gear. With over 60 years of Italian craftsmanship, **Plastica Panaro** has become a benchmark for secure, watertight transport solutions used worldwide by professionals and defense organizations.

Glossary

- **IP67**: Dust-tight and waterproof up to 1 meter depth for 30 minutes.
- **STANAG 4280 / DEF STAN 81-41**: NATO and UK military standards for rugged, transportable containers.
- **MIL-STD-810**: U.S. military testing standard ensuring resistance to vibration, shock, temperature, and humidity.
- **ATA300 Cat. 1**: Airline transportation standard for reusable shipping containers.
- **UN4H2**: Certification for safe transport of lithium-ion batteries and hazardous materials.
