### Description

#### **Ergodyne E3100STD Single Carabiner Tool Lanyard Standard – Black**

The Ergodyne E3100STD Single Carabiner Tool Lanyard is designed to provide a reliable and secure tethering solution for your tools. Built to meet ANSI/ISEA 121-2018 standards, this lanyard is third-party certified with a maximum working capacity of 10 lbs (4.5 kg) and includes a 2:1 safety factor, ensuring optimal safety during use.

#### **Key Features:**

- **Durable Construction:** Made from shock-absorbing tubular nylon webbing, this lanyard is designed to withstand the rigors of tough job sites. The lock stitching at both ends adds extra security, ensuring the lanyard remains intact under pressure.
- **Locking Screwgate Aluminium Carabiner:** The included carabiner features a locking screwgate mechanism, providing easy and secure

attachment to tools. The captive eye design helps predict the direction of the load, preventing the lanyard from sliding into the carabiner gate, enhancing safety.

- **Cinch Loop End:** The lanyard includes a cinch loop end that allows for secure tethering of tools with captive holes, ensuring that your tools remain attached when needed.
- **Adjustable Length:** The lanyard is adjustable, with dimensions ranging from 35" to 45" (89 cm to 107 cm), providing flexibility depending on your needs.
- **Third-Party Certified:** Certified to meet ANSI/ISEA 121-2018 standards with a 10 lb (4.5 kg) maximum working capacity and a 2:1 safety factor, ensuring you can trust its performance on the job.
