Description

This small, handy and lightweight trekking umbrella meets the highest expectations of stability and durability - even under adverse conditions. This pioneer of travelling umbrellas offers a convenient on/off automatic. Built with the latest and best materials. Extra lightweight, extremely durable polyester fabric with Teflon® treatment (registered trademark of DuPont used under license by Eberhard Göbel GmbH + Co.) and twin seams between the segments. Extremely heavy duty automatic on/off frame with hardened aluminium/metal-profile shaft. Other frame components are made of fiberglass, anodized aluminum and fiberglass-polyamide. All frame components are highly elastic, corrosion-resistant and non-biodegradable. The EVA foam handle has a small compass integrated. Each umbrella has a durable nylon shell with polyester mesh insert and a fixing knot for carrying on your belt or backpack and an aluminum carabiner.

- Rod Glass fiber and aluminium
- Umbrella Ø 98
- Polyester, Teflon® coated
- Open 58 cm long
- Pack size 29 cm, 295 g
