A lightweight windproof glove that is perfect for running, made with reflective materials on the back they make you clearly visible and feel safe when running in the dark.

1-4 Weeks

Description

The Maze Runner glove is the essential accessory for any fitness fanatics or outdoor runner. They are made with Extremities X BLOCK material and are fully windproof and protective. The palm is made of a stretch fleece material and the outer-palm has a handy silicone grip. These gloves have been designed with X Glo technology from Extremities in which the design shows a reflective print across the back of the hand. This reflective feature will make you clearly stand out and feel much safer running in darker conditions, as you are now so much more visible! The gloves also feature our touch screen technology, so nothing can interrupt you from using your smartphone whilst outdoors and wearing the gloves. They are close fit, comfortable and the lining is soft and are perfect for those on-the-go as you still have full access to your hands. We also have available a matching Maze Runner Took which is also windproof and has a similar design and will make you even more noticeable in the dark.

Specification

- Extremities performance type: Windproof
- Touch screen compatible
- Unisex
- 100% Polyester
- 44 g per item
