Description

Fallkniven Diamond Sharpener Steel D12

The Fallkniven D12 Diamond Sharpener Steel is the perfect tool for quickly honing kitchen knives, even those made of hard, stainless steel. Its oval design is covered with fine diamonds, ensuring rapid sharpening with minimal effort. This sharpener is a must-have for achieving razor-sharp edges effortlessly and efficiently.

Key Features

- **Diamond Coating:** Fine diamond grit (25 microns) for precision sharpening.
- **Durable Surface:** Coated with titanium-aluminum-nitride for enhanced durability and a longer lifespan.
- **Oval Shape:** Provides a larger sharpening surface for even and efficient results.
- **Multipurpose Use:** Excellent for re-establishing the wedge shape of the blade's edge and creating micro-teeth, ideal for cutting tasks like slicing fresh bread.
- **Easy Handling:** Lightweight and ergonomically designed for comfortable use.

Specifications

- **Length:** 305 mm (435 mm including handle)
- **Diamond Grit:** 25 microns
- **Material:** Titanium-aluminum-nitride coated surface for exceptional hardness
- **Design:** Oval steel with fine diamond coating
- **Brand Country:** Sweden

Why Choose the Fallkniven D12?

Designed with professional precision, the Fallkniven D12 is an essential tool for maintaining your kitchen knives. Its diamond-coated surface ensures a sharp edge quickly, making it ideal for both daily use and specialty tasks. The titanium-aluminum-nitride coating adds an exclusive touch, enhancing its durability and longevity.

How to Use

To use the Fallkniven D12 Diamond Sharpener, hold the sharpening rod firmly and draw the knife blade across it at the desired angle. Repeat the process on both sides of the blade to evenly hone the edge. For optimal results, maintain a consistent angle while sharpening.

Perfect for Everyday and Specialty Use

Whether you're slicing fresh bread or restoring a dull blade, the Fallkniven D12 sharpener delivers exceptional performance, ensuring your knives are always ready for the task at hand.
