Description

Fallkniven Survival Knife F1 - Satin Finish (Laminated VG7 Steel)

The Fallkniven F1 survival knife has been a trusted companion of Swedish Air Force pilots since 1995 and is now available in a new version with Laminated VGWolf (VG7) steel. This innovative blade material, containing 1.25% tungsten, provides exceptional sharpness retention and increased strength, making it one of the most durable knives available. The first 1000 pieces are marked "Test Series."

Key Features

- Blade made from Laminated VGWolf (VG7) steel for superior sharpness and durability.
- Smart and secure X-sheath with a two-way locking mechanism for enhanced safety.
- Proven performance as the official survival knife of the Swedish Air Force since 1995.
- Designed for versatility, combining modern technology with traditional craftsmanship.
- Safe and ergonomic Thermorun handle for a secure grip during
