Description

Fallkniven TF1 - Taiga Forester Hunting Knife, Lam. CoS Steel

The **Fallkniven TF1 - Taiga Forester** is a premium handmade hunting and all-around knife designed for demanding users. Its blade, crafted from laminated cobalt special steel (Lam. CoS), offers exceptional sharpness, stability, and durability. The TF1's handle, made from exclusive desert ironwood, provides a unique, luxurious feel while maintaining excellent functionality.

Features

- **Blade Material:** Laminated cobalt steel for exceptional sharpness and edge retention.
- **Handle Material:** Desert ironwood, known for its density and durability, with each piece featuring a unique pattern.
- **Edge:** Convex-shaped for superior strength and sharpness.
- **Tang:** Full tang construction for reliable strength and balance.
- **Sheath:** Secure Zytel sheath with a locking system that works in all weather conditions.
- **Unique Feature:** Each knife is individually numbered on the blade spine.

Exquisite Desert Ironwood Handle

The handle is crafted from desert ironwood (Olneya tesota), a highly durable and dense material that is heavier than water. This wood is not listed in CITES Annexes or the IUCN Red List, making it both exclusive and sustainable. Treat the handle with oils such as log oil, furniture oil, or bench oil to maintain its luster and enhance its longevity.

Secure Sheath System

The TF1 comes with a highly durable Zytel sheath featuring a unique locking mechanism. This ensures that the knife remains securely in place regardless of weather conditions, including wind, sand, or snow.

Care Instructions

- Clean the blade and handle with warm water and mild soap. Dry thoroughly before storing.
- Use appropriate sharpening tools such as the Fallkniven DC4 whetstone for maintaining the edge.
- Avoid exposing the knife to extreme conditions that could damage the handle or blade.
