## Description

**Fibertec Shoe Wax Eco** is an intensive leather care product made from a blend of natural waxes, perfect for hiking boots, mountain footwear, and any leather gear requiring deep, long-lasting care. Free from solvents, silicone, and microplastics, this eco-friendly wax is easy to apply and offers optimal protection for your leather items.

This wax is ideal for hiking and alpine boots, providing essential care for leather gear. A combination of Carnauba wax and beeswax protects footwear by deeply nourishing the leather and enhancing water resistance, while preventing the leather from drying out.

### Key Features:

- **Highly Water-Repellent:** Provides excellent water-repellent protection for leather footwear.
- **Deep Penetration:** Nourishes and impregnates leather with a deep-treatment effect, ensuring long-term care.
- **Suitable for GORE-TEX® and Other Membrane Footwear:** Can be used without affecting the functionality of membranes.
- **Eco-Friendly:** Contains no solvents, silicones, or microplastics.
- **Durable and Flexible:** Remains soft and elastic even in cold weather, preventing leather from cracking.
- **Jar Made from 100% Recycled Plastic:** Sustainable packaging for
