- Underwater rescue operations
- Diving and maritime tactical use
- Search and recovery missions
- Military and law enforcement field deployment

Glossary

- **N690Co Steel:** High-grade cobalt stainless steel known for edge retention, corrosion resistance, and toughness – ideal for marine environments.
- **FRN® Handle:** Fiberglass Reinforced Nylon offering lightweight durability and non-slip performance, even when wet.
- **Idroglider® Coating:** PTFE-based treatment used on screws and components for improved corrosion protection.
- **Reversible Clip:** Allows users to change carry orientation for right- or left-hand use.
- **Nylon® Sheath with Rubber Loops:** Ensures secure and quick access, compatible with tactical or diving gear setups.
