Description

Blade with partially serrated edge which effortlessly cuts through core-mantle ropes, fabrics and belts in order to quickly provide first aid. The glass breaker quickly provides access to an injured person inside a vehicle and the belt cutter facilitates the safe rescue of accident victims. The slip-resistant fluorescent rubber scales of the ergonomic handle rest safely in your hand in every weather condition. With the included lanyard hole the knife can be fixed to any equipment.

And here the impressive strength of the 5 mm blade emphasises its use in rescue operations. Luminescent insert in the handle, N690CO blade steel. Plastic sheath with Molle clip and car holder. Knife with clip.
