Description

Footwear for multiterrain activity, perfect for light hunting activity. Super lightweight, breathable and dynamic support in the shoe upper and sole, the former bearing ribs that are pre-treated in PU, which eliminates stitching. The sole tread has been developed with exclusive AKU Elica Natural Stride System technology to optimize its biodynamic efficiency. The treads are Vibram® Selvatica Megagrip with an optimized surface in contact with the ground for better all-around traction. OrthoLite® anti-microbe and breathable insoles, with optimum shock absorption. Also available in the female version.

Details:

- Suede rubber and high performance AIR 8000® outer material.
- Highly breathable and quick-drying.
- GORE-TEX® extended comfort.

- Nylon insole with 2.0 mm polypropilene thickness and EVA microporosa (flexible).
