Description

The Zephyr MK2 GTX Mid by LOWA is the logical further development of the proven Zephyr series operational boots. Its lightness and stability make it the perfect choice for all demanding missions, whether military, police or civilian.

The MK2 Mid from the Zephyr series by LOWA is the perfect choice for all emergency forces and special units who prefer a robust, reliable but lightweight operational boot. The elevated MID-CUT shaft provides the necessary support for fast roping without restricting freedom of movement. The uppers used are a combination of water-repellent and tear-resistant suede and abrasion-resistant and breathable CORDURA® material. An innovative clamping hook allows the individual in the forefoot and ankle area. The waterproof and highly breathable GORE-TEX Extended Comfort Footwear laminate is ideal for use in moderate and more humid environments. The 2-layer PU midsole with MONOWRAP® frame surrounds and supports the foot like a kind of exoskeleton.

The ZEPHYR MK2 GTX MID is certified as an occupational shoe according to EN ISO 20347:2012, is antistatic and has a cold and heat insulating sole complex. The outsole is not only highly slip-resistant, but also resistant to oil, gasoline and contact heat.
