Description

Fosco Trousse-Elastic Twisters (blousers/laces) – 2 Pair Set (4 pcs.)

The **Fosco Trousse Twisters** are elasticated bands with hooks, designed to secure the hem of your trousers around your boots. Also known as "twisties" or "blousers," they are a classic accessory in **military, cadet, and outdoor use**. They keep trousers neatly cuffed, prevent dirt from entering boots, and create a professional appearance in the field.

How to Use

1. **Position:** Wrap the elasticated band around the top of your boot, just above the ankle.
2. **Hook:** Connect the two metal "S"-shaped hooks to secure the band.
3. **Tuck:** Fold the trouser hem up and tuck it under the twist for a neat, tight seal.
