### Description

New hunting / outdoor knife from Fox Knives. Design is made in collaboration with VOX knives.

Knife is made of Becut steel which is a very superior metal capable of holding an edge longer than most. Whole knife, from handle to blade has been made in Maniago, Italy a stamp of quality if ever there was one.

Polypropylene and thermorubber handle has a snakeskin style surface which is resistant to slippage in the wet and finally it feels like it is priced far below what it should be, this quality blade is a real bargain.

MADE IN ITALY.

- Blade stainless steel BECUT
- HRC 57-58
- Handle PP + TPE (Polypropylene + thermorubber)

|                  |                              |

### **Fox Knives**

Around 40 years ago Oreste Frati established Fox Coltellerie, which is today known as Fox Knives. After years of experience in production as well as in distribution he founded his business in 1977, which is running as a family business since then. With a great deal of innovation, by constantly testing new materials and techniques, Fox has been one of the leaders on the knife market. Next to manufacturing traditional and elegant knives, the concept of producing tactical knives for police and military is an essential component for Fox Knives. The official certification as a supplier of the NATO shows seriousness, with which Fox is pursuing the lines and making it perfect with the section FMKD. Fox Knives offers for almost every taste and every use the appropriate knife.
