Description

The Suru series is enriched with new versions of the 2023 edition: a line of five knives with liner lock opening system and M398 blade.

The version with the carbon fiber handle is enriched with bronze anodized titanium screws that enhance even more the 3K Twill pattern, those with the Micarta handle, on the other hand, stand out for the different colors: burgundy, black, green and natural available with different blade finishes. Design authour - Jesper Voxnæs.

"My knife designs are obviously with the Nordic lines and feel. A clean functional almost minimalistic expression. All about the function of the tool". Jesper Voxnæs is danish knife maker and designer. Started making knives in 1989. Now works with different brands on knife design and design consulting.

- Blade Steel: M398 Stainless steel
- Hardness: HRC 60-62
- Blade Coating: Acid Stone Washed
- Handle: Black Micarta

Fox Knives

Around 40 years ago Oreste Frati established Fox Coltellerie, which is today known as Fox Knives. After years of experience in production as well as in distribution he founded his business in 1977, which is running as a family business since then. With a great deal of innovation, by constantly testing new materials and techniques, Fox has been one of the leaders on the knife market. Next to manufacturing traditional and elegant knives, the concept of producing tactical knives for police and military is an essential component for Fox Knives. The official certification as a supplier of the NATO shows seriousness, with which Fox is pursuing the lines and making it perfect with the section FMKD. Fox Knives offers for almost every taste and every use the appropriate knife.
