Description

The Yaru was designed to be used more intensively than the more compact Suru. The idea was to create a functional knife that conveyed solidity during use and could perform as well as a small fixed blade. The 2023 edition consisting of five knives with an M398 blade was also created for this line.

Design authour - Jesper Voxnæs.

"My knife designs are obviously with the Nordic lines and feel. A clean functional almost minimalistic expression. All about the function of the tool". Jesper Voxnæs is danish knife maker and designer. Started making knives in 1989. Now works with different brands on knife design and design consulting.

- Blade Steel: M398 Stainless steel
- Hardness: HRC 60-62
- Blade Coating: Acid Stone Washed
- Handle: Black Micarta
- Clip: Bead blasted stainless steel

Fox Knives

Around 40 years ago Oreste Frati established Fox Coltellerie, which is today known as Fox Knives. After years of experience in production as well as in distribution he founded his business in 1977, which is running as a family business since then. With a great deal of innovation, by constantly testing new materials and techniques, Fox has been one of the leaders on the knife market. Next to manufacturing traditional and elegant knives, the concept of producing tactical knives for police and military is an essential component for Fox Knives. The official certification as a supplier of the NATO shows seriousness, with which Fox is pursuing the lines and making it perfect with the section FMKD. Fox Knives offers for almost every taste and every use the appropriate knife.
