Description

The Zero 2.0 Desert Warrior, an evolution of the iconic Zero, is the culmination of years of passion for the perfect everyday carry knife.

The new version is a tribute to the unforgiving landscapes and rugged environments that adventurers often find themselves in. The earthy coloring of the handles and the unique finishes on the blade evoke the spirit of the desert, a place where resilience, adaptability, and strength are paramount. The addition of an opening hole in the blade transforms this knife into a one-handed marvel. The handle of the Zero 2.0 Desert Warrior is a work of art in itself, featuring the distinctive Anso Texture.

This knife is more than a tool; it's a trusted companion for those who dare to explore, conquer, and thrive in any environment.

Welcome to the next chapter of the Zero legacy.

Fox Knives

Around 40 years ago Oreste Frati established Fox Coltellerie, which is today known as Fox Knives. After years of experience in production as well as in distribution he founded his business in 1977, which is running as a family business since then. With a great deal of innovation, by constantly testing new materials and techniques, Fox has been one of the leaders on the knife market. Next to manufacturing traditional and elegant knives, the concept of producing tactical knives for police and military is an essential component for Fox Knives. The official certification as a supplier of the NATO shows seriousness, with which Fox is pursuing the lines and making it perfect with the section FMKD. Fox Knives offers for almost every taste and every use the appropriate knife.
