Description

The Dia-Sharp® 4" Continuous Diamond Sharpening Stone delivers full-size sharpening while maximizing work and storage space. Perfectly suited for small contact area and pointed tools. Stone measures 4" x 7/8" x 3/16". Diamond grit clearly marked on side of stone.

Grit Descriptions:

- Coarse diamond (45 micron / 325 mesh) to quickly restore a neglected edge.
- Fine diamond (25 micron / 600 mesh) for a razor sharp edge.
- Extra-Fine (9 micron / 1200 mesh) to polish and refine a razor edge after sharpening with a coarser diamond.

Sharpening with diamonds is fast and easy. No messy oils needed -- sharpen dry or with water. Durable construction will provide years of consistent performance and reliable service. For proper tool maintenance, woodworkers, chefs and other professionals rely on the superior quality and versatility
