Description

HASPRO 3P-C

HASPRO 3P-C contains 3 pairs of corded earplugs made of super soft polyurethane foam, boasting a high attenuation value of 38 dB. Specifically designed to adapt to each user's ear canal, they offer one of the highest noise reduction levels among products of their kind. Comfortable and practical, they protect against all forms of excessive noise - a major cause of hearing loss, discomfort, headaches and fatigue.

PURPOSE:

Production, Demolition, Grinding, Cutting, Welding, Heavy Industry, Assembly, Cleaning.

SET CONTAINS:

- 3 pairs high quality soft foam corded earplugs
- manual instructions

RECOMMENDATIONS:

Always use earplugs when you are in a noisy area. Before each use, wash your hands and make sure the earplugs are clean. Always store the plugs in a dry container away from high temperatures (max <55 ° C).

HASPRO earplugs are a certified product, complete with the CE mark and certificates of compliance with the European Safety Standard EN 352-2: 2002.

Why is hearing protection so important?

Being in high level of noise for a long time can negatively affect our mood, concentration and our effectiveness. The longer we are in excessive noise, the faster we feel fatigue, which turns into pain and dizziness and can even lead to health problems such as damage to health in the form of damage to the organ of hearing.

In accordance with art. 38 of the Act on Consumer Rights, the product mentioned above is not returnable for hygienic reasons if the packaging was opened after delivery and the product was used.

Made in Poland.
