always on hand

With Haspro, travel has never been so comfortable!

Why is hearing protection so important?

Being in high level of noise for a long time can negatively affect our mood, concentration and our effectiveness. The longer we are in excessive noise, the faster we feel fatigue, which turns into pain and dizziness and can even lead to health problems such as damage to health in the form of damage to the organ of hearing.

In accordance with art. 38 of the Act on Consumer Rights, the product mentioned above is not returnable for hygienic reasons if the packaging was opened after delivery and the product was used.
