Description

GIGA TUBE - 50 PAIRS of earplugs

HASPRO Tube50 is a smartly designed multipack that contains 50 pairs of disposable earplugs. Made of comfortable and extremely delicate polyurethane foam, the plugs easily adapt to fit the ear in less than a minute.

Earplugs are made of super soft polyurethane foam, boasting a high attenuation value of 38 dB. Specifically designed to adapt to each user's ear canal, they offer one of the highest noise reduction levels among products of their kind. Comfortable and practical, they protect against all forms of excessive noise - a major cause of hearing loss, discomfort, headaches and fatigue.

SMALL POCKET CONTAINER FOR USE ON-THE-GO

Each HASPRO Tube50 comes with an additional travel container that corresponds in color to the chosen set. This handy little container can hold a pair of earplugs and is the perfect means of having the convenience and protection of HASPRO with you at all times.

ECO FRIENDLY DESIGN - Give Haspro Tube a Second Life!

The packaging of HASPRO Tube50 was specifically designed with reuse in mind. So, once you have used the earplugs, why not help out the environment by giving the tube a "second life"? Perhaps it could make a useful desk tidy for your pens. Perhaps a crayon holder for the kids. Somewhere to store paper clips? Maybe you could use it as a holder for nails in a home workshop, or as the basis for a craft project. The possibilities are endless!

FAST AND EASY FIT

ORDER CONFIRMATION

Earplugs have been carefully designed so that everyone can wear them comfortably. The soft material used to form the plugs is soft and malleable enough that they can reshape themselves to fit the user's ear within 30 seconds or less, allowing for the very best in comfort and protection.

SLEEP, ANTI-SNORING, OFFICE, WORK...

Earplugs can be used when sleeping, traveling, relaxing, working, studying, or carrying out any activity that would typically expose the wearer to high levels of noise. You can even pop them in when you simply need some down time to relax and unwind.

The small size and subtle design make the earplugs easy and discreet to use, regardless of whether you are at home, at work, or on-the-go.

Available in multiple colors.

PURPOSE:

- Work
- Sleep
- Office
- Reading
- Travel

SET CONTAINS:

- 50 pairs of high-quality earplugs
- Pocket container for use on-the-go
- Multi-language instructions

RECOMMENDATIONS:

Always use earplugs when you are in a noisy area. Before each use, wash your hands and make sure the earplugs are clean. Always store the plugs in a dry container away from high temperatures (max <55 ° C).

HASPRO earplugs are a certified product, complete with the CE mark and certificates of compliance with the European Safety Standard EN 352-2: 2002.

Why is hearing protection so important?

Being in high level of noise for a long time can negatively affect our mood, concentration and our effectiveness. The longer we are in excessive noise, the faster we feel fatigue, which turns into pain and dizziness and can even lead to health problems such as damage to health in the form of damage to the organ of hearing.

In accordance with art. 38 of the Act on Consumer Rights, the product mentioned above is not returnable for hygienic reasons if the packaging was opened after delivery and the product was used.

Made in Poland.
