Strong sound attenuation will protect you from the harmful industry noise and allow you to communicate with people

1-4 Weeks

Description

HASPRO WORK

Haspro has designed the strongest earplugs specifically tailored to the working environment. Their very high attenuation (SNR 30dB) makes them one of the most effective universal stoppers currently available on the market. Able to suppress high frequency noises up to 37dB, you can now work in noisy environments without the fear of long-term damage to your hearing.

Haspro Work – Product Information

Why choose **Haspro**? Our earplugs have been carefully balanced, offering soundproofing against harmful noise levels, whilst maintaining audibility of signals and alarms, and preserving your ability to effectively communicate with your coworkers, all of which are vital in the workplace. To summarize, **Haspro Work Earplugs** offer:

- The most powerful noise reduction on the market
- A breathable filter that allows ventilation of the ear canal
- The ability to communicate without removing the earplugs
- A universal, comfortable fit
- A handy storage container and cord, maximizing practicality

Why is hearing protection so important?

Being in high level of noise for a long time can negatively affect our mood, concentration and our effectiveness. The longer we are in excessive noise, the faster we feel fatigue, which turns into pain and dizziness and can even lead to health problems such as damage to health in the form of damage to the organ of hearing.

In accordance with art. 38 of the Act on Consumer Rights, the product mentioned above is not returnable for hygienic reasons if the packaging was opened after delivery and the product was used.

Made in Poland.
