Description

The popular and long-appreciated military-style boonie hat is now available in a new version. It's lightweight, compact when folded, and dries quickly. Fewer layers of material and an improved design contribute to the excellent features of the Boonie Hat Mk 2. All the components of this hat are designed with identical colors and camouflage patterns. The hat comes with mesh eyelets that improve airflow. The hat has a reflective material inside that can be useful for marking the wearer in case of an emergency or to indicate their position. The Boonie Hat Mk2 features a unique loop that allows it to be fastened to the Raid uniform shirt.
