Description

COMPETITION Modular Belt Sleeve® is one of the two platforms of the COMPETITION Set. It was designed as an additional sleeve for the main 45 mm wide COMPETITION Nautic Shooting Belt, but will also work with any other gun belts up to 45 mm wide. The sleeve is fully padded with thick, durable EVA® foam, so that you won't feel any discomfort from gun belt or sharp edges of the pouches. On the surface there are laser cut modular platforms compatible with MOLLE/PALS system. The platforms are divided into sections so that you are able to weave your belt outside for mounting holster or belt mountable pouches. On the sides there are two horizontal slits on the bottom for mounting hip holsters or drop leg panels. The sleeve is profiled and lined with mesh for comfort even during prolonged use. Four low profile paracord loops will allow mounting of any harness.
