Description

Foldable Metal Stand® is a set designed for shooting training. It includes a folding stand for steel targets, a pinewood target support, and a carrying bag made of durable PVC. The stand can be unfolded without the help of additional tools - it is attached to the ground by pins, and the stable hook, made of durable Hardox 600 steel, on which the target is mounted is placed directly on the wooden support. Thanks to the additional holes in the base, you can mount two externally positioned wooden supports to train also on paper targets, such as PXQT - PISTOL EXERCISE/QUALIFICATION TARGET® or RXQT - RIFLE EXERCISE/QUALIFICATION TARGET®. The set can be conveniently carried in the PVC bag with no risk of damage. SRT MINI ALPHA TARGET®, SRT Small ALPHA TARGET® or SRT TORSO TARGET® are not included in the set but are available in our offer as well as PXQT and RXQT paper targets.

Features:

- Stand size 66x58cm
- Mounting holes for wooden beams of up to 35x50 mm
- Wooden rod size - 130 x 4,5 x 3 cm
- Four pins, wooden batten and mounting hook included

Weight [g]

6944
