Description

The Guardian Law Enforcement Set* is for the police and other uniformed services. The core component is the Guardian Plate Carrier tactical vest, complemented by the Guardian Cumberbund, the front panel Guardian Kangaroo Flap, and a dedicated Law Enforcement Insert. The set allows for carrying the essential gear for police and other uniformed services, with the flexibility for customization.

The plate carrier-type vest meets multiple needs of modern law enforcement personnel. It serves as a carrier for ballistic plates, providing crucial protection in high-risk situations that may involve gunfire. The Guardian Law Enforcement Set comes in Sentinel Blue, perfectly aligning with police colors.

For uniformed services, the Plate Carrier Guardian is equipped with a Guardian Cumberbund stitched with MOLLE/PALS compatible straps, enabling the attachment of additional gear. The standard cumberbund can easily be replaced with the Guardian Cumberbund Quick Release. Another element is the Guardian Kangaroo Flap front panel. It comes with a dedicated Law Enforcement Insert, a straightforward panel featuring four pockets for essential gear during patrols or other field activities. The insert includes pockets for handcuffs or a taser, two narrower pockets for a flashlight or pistol magazine, and an adjustable pocket for a radio. There's also a flat pocket beneath the insert for documents, forms, etc. The Kangaroo Flap can also easily be fitted with inserts from the Competition Set.
