Description

The Husky is a winter tactical jacket. It is an enhanced version of LVL 7 apparel, modified for use in extreme winter weather by the law enforcement and other services in need of a winter tactical garb. This jacket is fitted with three concealable ID panels. The Quick Side Access™ provides easy drawing of holstered pistol and any other duty belt mounted gear. Husky is highly compressible - can be stuffed in a pack or cargo pouch, without losing any of its insulation properties.

Quick Side Access™ (QSA™) is a unique system that guarantees quick and comfortable access to all waist-mounted tactical accessories. Due to the ergonomic solutions applied in QSA™ system, you can reach for a gun, paralyzer or any other accessory in one smooth motion, which greatly increases your reaction time in emergency/life-threatening situations. Moreover, thanks to its civil appearances and adequate placement, Quick Side Access™ (QSA™) is perfectly suited for actions performed in urban surroundings.
