Description

Scout Mk2 Firestarter is a set that allows you to light a fire effectively without using matches or a lighter. The steel box included in the set lets you carry the firestarter and other elements without the risk of losing them. The Bushcraft Line logo printed on it allows you to easily identify the set. The Scout MK2 firestarter is very easy to use. Even a slight movement of the scraper should generate enough sparks to light the cotton wool or birch bark.

Features

- Provides easy fire starting without the need of lighter or matches
- Resistant to moisture and frost
- Handy and compact
- Set includes: steel survival box (dimensions: $93 \times 62 \times 27 \text{ mm}$), a fire starter with a striker, two fuel tablets and cotton wool

Brand country Poland.
