Description

Whoever had to trudge and flounder through deep snow, marshy meadows or muddy tracks would know how useful and advantageous thing is a pair of long, sturdy, breathable gaiters. These protect the trouser legs and boots. Our rendition is enhanced by the use of breathable, elastic VersaStretch® back inserts, which allow the gaiters to dynamically conform the body while on the move. The upper gaiter opening is adjustable via elastic band, and they open up to the sides, with wide, sturdy velcro closure. Robust hook enables to anchor them to the boot laces. Gaiters are fitted with an adjustable stirrup strap made out of Hypalone - a fabric, that is superbly resistant to wear and almost insensitive to weather.

Features:

- VersaStretch® panels
- Velcro closure
- Length-adjustable stirrup strap is made of Hypalone
- Front hook for lace-attachment
- Adjustable, elastic draw cord in the top upper edge

Weight [g] 280
Material Nylon

Brand country - Poland.
