## Description

The Water Filter Bag allows to initially prepare water for consumption. Based on a design used by the British Army during World War II, this filter has been fitted with an integral carrying bag and a string for attaching it to a branch. The string has a pin, so you don't have to tie it. This significantly speeds up the use of the filter in the field. The filter cleans the water from mechanical impurities. After filtration, it is enough to use chemical tablets or boil water.

## Features

- Made of thick cotton fabric
- Webbing hanger with a simple pin to secure
- Additional pouch to carry wet bag

Weight [g]

80

Dimensions

Unfolded: 19 cm x 36 cm / 7,5 in x  
14,2 in Folded: 16 cm x 12 cm x 3cm /  
6.3 in x 4,7 in x 1,2 in

Capacity [l]

3

Material

Main 100% Cotton, Cover 100%  
Polyester
