- Touchscreen-compatible materials tested for use with most smartphone screens.
- Constructed with recycled polyester as part of sustainable textile sourcing.

Other Useful Information

The Tracker gloves offer a balanced combination of warmth, dexterity and sustainability thanks to the recycled polyester fabric. Their lightweight construction makes them suitable for multi-hour hikes and outdoor activities, while the reinforced synthetic leather provides grip during tool handling or trekking pole use. Touchscreen support eliminates the need to remove gloves during navigation or communication.

Glossary of Terms

- Recycled polyester: Polyester fiber made from recycled plastics, reducing environmental impact.
- Synthetic leather: Durable, lightweight and weather-resistant artificial leather material.
- Touchscreen compatible: Special fabric on the fingertips enabling the use of capacitive screens.
