Description

The UTL® belt is a simple and durable trouser belt. Lack of metal parts makes it ideally suitable for all uniformed services, allowing to pass metal detecting gates without ignominy of holding pants in one's hand. The design and utilized raw materials allow the belt to serve other purposes as well - e.g. as constricting belt for external loads. Urban Tactical Belt® sports an easily adjustable buckle. WARNING: NOT A CLIMBING OR LIVE-SAVING EQUIPMENT!
