- TRAVEL READY - Weighing practically nothing at 235g, you can pack a lot in and still have a bag that won't tire you out carrying it for the day.

- RIGHT AND TIGHT - The bag has a two way buckle, giving you the option to use the waist straps to fasten it down the side making it tight and secure.

Our Urban Rockhopper is a lightweight roll top bag, ideal for exploring the city. The single, weather resistant main compartment quickly fastens with a roll top, giving you simple access to all your gear while you're on the move. If your urban adventure is on two (or four) wheels, two way buckles give you the option to fasten the bag down the sides, making a secure and compact bag to keep everything tightly in place no matter how much it gets shaken around. With a single zip front compartment for anything you need to get to quickly, the Urban Rockhopper is the perfect bag for zipping round the city every day.
