Description

With its medium-weight head, our classic hunting is ideal for easier forestry work as well as for skinning game with great precision. This makes it your perfect hunting partner. It is also an ideal gift for any hunting enthusiast. The axe is hand forged and made from Swedish quality steel in the forge at Hults Bruk. The forging tradition goes as far back as 1697, and the steel head is struck 40-60 times to increase density and durability to the head. The name of this axe comes from Gunnar Ekelund, the squire who initiated axe production at larger scale in Hults Bruk in 1870 - 1875. Take care of your axe and it will stay a faithful companion for many years to come. Thanks to the quality and craftsmanship of this axe, there is a full lifetime warranty on the axe head.

Features

- Wooden handle from American hickory, treated with linseed oil
- Convex grind edge
- The edge is sharpened, polished and ready to use
- Leather axe sheath included
- Made in Sweden.

Weight [g]	1210
EAN	7391408417105
Dimensions	50 cm/20 in
Material	Steel/American Hickory Wood
