Description

Clever lid that puts an end to tricky inserts or sloshing drinking bottles. Large opening for easy cleaning or filling. Small cap for easy drinking. Easy to handle. High-quality material and beautiful finish. Suitable for the standard wide neck bottles of Nalgene (1 liter, WH Silo and OTG), GSI, CamelBak (0.5, 0.75 and 1 liter), Cyclone, Stansport, Nalgene Stainless, HydroFlask etc. with 5.3 cm opening. In many colors to individualize your bottles. The capCAP+ now has a 'CapKeeper' with which the small cap can be temporarily clicked on the strap so that it is not in the way when drinking. In addition, both lids are now sealed with silicone gaskets and more angular recessed grips for perfect grip. The thread, which has also been slightly modified, can now also be used on many insulated stainless steel bottles.

- Fastening lug
- Optimization of the drinking bottle
