Description

IHM 2-Memory Stopwatch – Black

The **IHM 2-Memory Stopwatch (Ref. 503CA)** is a large-display, handheld digital stopwatch designed for **sports, training, and professional timekeeping**. With 2-memory recall, this stopwatch allows users to store and view the finishing times of the first and second competitors. Its ergonomic design and easy-to-read 1-line LCD make it a reliable tool for coaches, referees, and athletes.

This stopwatch includes an **insulated 357 battery**, ensuring that energy is preserved before first use. It also features **clock, calendar, and alarm functions**, making it a versatile choice for daily use in addition to training and competitions.

Aim of the Product

To provide **precise timekeeping** with split/lap functionality and memory storage, while also offering practical features like a clock, calendar, and alarm.
