Description

IHM 200-Memory Stopwatch - 3 Display Lines - Insulated Battery

The **IHM 200-Memory Stopwatch (Ref. 515CA)** is a professional-grade **3-line display stopwatch** designed for advanced sports timing, training, and competitions. It features **200 split/lap memories**, advanced **time statistics (fastest, slowest, average)**, and multi-mode operation with **timer and pacer functions**. With its compact design and lightweight build, it is ideal for coaches, referees, athletes, and timekeepers who demand both precision and versatility.

Supplied with an **isolated CR2032 lithium battery**, the stopwatch guarantees a fresh power supply upon first use. The large 3-line display provides simultaneous views of split, lap, and total times, making it highly efficient for professional training analysis.

Aim of the Product

To provide **high-capacity memory timing with advanced analysis** for professional sports and performance monitoring, combining accuracy, ease of use, and eco-conscious design.
