Description

IHM Waterproof Stopwatch with 100 Memories – 3 Display Lines

The **IHM Waterproof Stopwatch (Ref. 366CE)** is a multifunctional professional stopwatch with **100 Split/Lap memories**, advanced statistics, dual repeating timer, and training aids such as cadence and stroke rate measurement. Its **3-line LCD display** allows you to track split, lap, and cumulative times simultaneously. Designed for demanding activities like swimming, rowing, fitness, and combat sports, it is also **waterproof up to 5 ATM (50 meters)**, making it ideal for surface water use and outdoor conditions.
The stopwatch is powered by a replaceable **CR2032 lithium battery**, ensuring long-term performance. Its durable case and ergonomic design provide reliability and ease of use for coaches, referees, and athletes.

Aim of the Product

To offer a **waterproof, multifunction stopwatch** with large memory capacity and advanced training functions, making it a versatile tool for both professional and recreational sports timing.
