Description

Kanetsune RUST CLEAN – Metal Polish & Rust Remover, 140 g

The **Kanetsune RUST CLEAN** is a high-quality **metal polish and rust remover** made in Japan. Specially designed to **remove rust from blades**, it is also effective on other metal products such as tools, hardware, and household items. Packaged in a convenient 140 g squeeze bottle with a precision nozzle, it allows for controlled and easy application. Whether for kitchen knives, workshop equipment, or everyday maintenance, RUST CLEAN keeps metal surfaces bright, polished, and rust-free.

Aim of the Product

To provide a **safe and effective solution** for removing rust and polishing metal surfaces, extending the life and performance of blades and tools while restoring their clean appearance.

Key Features

- **2-in-1 action:** removes rust while polishing metal surfaces.
- **Paste/cream formula:** easy to apply with cloth, wipe, and polish.
- **Precision nozzle bottle:** apply exactly where needed, minimize waste.
- **Target materials:** steel, iron, chrome, and other common metals.
- **Label:** bilingual (English & Japanese).
- **Origin:** Made in Japan.

How to Use

1. Shake the bottle well before use.
2. Apply a small amount of solution to a clean cloth.
3. Polish the metal surface with light, even pressure.
4. Wipe off excess paste with a dry cloth to reveal a polished finish.

Safety & Care

- Do not use on painted, lacquered, or coated surfaces without testing first.
- Keep out of reach of children.
- Use only for intended purposes.
- Refer to additional safety precautions on the packaging cap (Japanese text).

Notes

For best results, always test the product on a small inconspicuous area before full application. Not suitable for delicate coated surfaces unless compatibility is confirmed.
