Description

This Stainless Steel Cook Set includes pot, Lid/Pan, Grill Pieces & Gripper handle.

The cook set can be used in two ways with Kelly Kettle:

1. When the water boils, remove the kettle from fire base and place Grill Pieces (2 no.) onto the fire-base. Then simply place your Pot/Pan on the Grill pieces for cooking, adding additional fuel to the fire base as required. Fuel can be inserted through the air hole in the side of the base.
2. Using our Pot Support certain foods can be cooked quickly over the chimney of the Kelly/Volcano Kettle as it boils thus ensuring maximum fuel and time efficiency. Note: as the heat is intense, you will need to stir your food regularly.

During transport, this Cook Set stores neatly inside the base of your Kelly
