Description

A highly efficient Stainless Steel Outdoor camp Kettle (the fire base is also stainless steel) which is suitable for Trekkers, Hikers, Kayakers, Backpackers, Bikers, and all outdoors enthusiasts who need to keep their pack light. Also suitable for Car Camping and Wilderness Survival Kits / Disaster Kits.

As there is no need to carry fuel, these kettles will keep your pack light and save you money at the same time - never worry about running out of fuel again! Using any naturally occurring solid fuel (sticks, pine cones, dry camel dung! etc.) this kettle will operate perfectly well, even in a storm. If more hot water is required, simply refill the kettle and place it back on the fire base and refuel the chimney again. The kettle will be boiled again within a matter of minutes where water can be used for more hot drinks, boil-in-the-bag, bathing, washing up, etc. A wonderful piece of camping equipment.

This is an extremely efficient Camping Kit which is suitable for Fishing, hunting, Scouts, family picnics, Car Camping, Kayakers. Add it to your wilderness / Disaster / Earthquake or Survival kit. Superb camping gear or for anyone who works in or enjoys the outdoors.

This 'Ultimate Kit' includes the following items:

- 1.2ltr Stainless Steel Kettle & fire base. (New model kettle, no rivets & laser welded)
- Cook set - which includes: 0.85ltr Pot / Frying Pan (pot lid) / 2 Piece Grill / Gripper Handle
- Pot Support - two pieces which flat pack for easy packing.

ORDER CONFIRMATION

- Cup set - 500 & 350ml cups with silicone Coolip pieces, silicone coated foldable handles, measurements on the inside of the cup & polished interior for easy cleaning.
- Hobo Stove - for cooking over the fire base.
- Camping Plate Set (All the accessories are made from Stainless Steel)
- Drawstring carrying bag

Properties:

- Large size Kettle in Stainless Steel.
- Boils 1,2 liters of water quickly using just Sticks, Pine Cones, Dry Grass, Bark, etc. Works in ALL weather conditions.
- Great Preparedness Item for Power Shortages, Storms & Emergency Kits.
- A Green Whistle has replaced the older Orange stopper and lets you know when the water is boiled.
- Now Comes With Upgraded Steel Fire-Base. Historically, the fire-bases were Aluminium which softened, warped and burned out quite quickly.
