Description

KHS Reaper MKII XTAC

The next evolutionary step of our low-priced beginner's watch, now significantly improved, even lighter and more robust! First produced using NEOCARB®, our best carbon fiber-polycarbonate composite as case material. A further highlight is the improved rotating bezel, which now not only features a spectacular new design, but also offers even better grip thanks to the addition of grooves at the outer edge. The "MKII" version is produced with 14 trigelights on the dial and very shock-resistant XENSATION® glass, Made in Germany by SCHOTT®.

- Case: NEOCARB®, screwed stainless steel caseback, left turning bezel made of NEOCARB®, crown, black PVD-coated.
- Watch glass: XENSATION® Glass by SCHOTT®
- Water resistance: 10 ATM.
- Dial and hands: Matt black dial with Arabic numerals and date window, 3 hands (hour, minute and second), grey second hand for tactical "to the second" - operations.
- Movement: Quartz movement, SWISS MADE, 3 hands, date.
- Functions: Hour, minute, center second, stopping the seconds by pulling out the crown, date with quick change, easy to operate.
- Features: Power saving mechanism with pulled out stem: Reduction of consumption approximately 70%, battery No. 371, resistance to
