KHS Seeker with black NATO
band

Description

Uncompromising equipment - uncompromising design.

The KHS Seeker impresses not only with its high-quality features, such as a SWISS MADE quartz movement, a scratch-resistant sapphire crystal, and the robust stainless steel case, but also with its high visual appeal. The straight-lined design given to all Seeker variants is also refined in the silver-colored variants by a fine cut on the dial and the elegant alternation of brushed and polished surfaces. KHS Seeker - Straight to the target.

- **Case**

Stainless steel case, black IP-coated, screwed stainless steel caseback, black IP-coated, screwed crown, black IP-coated.

- **Watch Glass**

Scratch resistant sapphire crystal.

- **Water resistance**

10 bar.

This watch is tested for water resistance up to 10 bar, which corresponds to the pressure of an assumed water column of 100 meters. Thus, this watch is suitable for e.g. bathing, showering, hand washing, frequent swimming, snorkeling and diving.

- **Dial and hands**
